FIRE

Proud Historic Moment for the Washington Township Fire Department

Yesterday was a historic day for the WTFD. We responded to a working fire involving multiple departments to assist our neighboring department. Engine 72 responded as the first ever all female engine crew to a working fire for WTFD. This adds to our many historic accomplishments in the almost 80-year history of our Department.

This moment is a huge milestone for our department as we continue to struggle for volunteer members and work hard at creating a diverse and inclusive workforce that represents our entire community. We are very proud of the dedication and hard work of all of our members. Never before has the Department been faced with so many challenges that we saw in 2020 and continue to see in 2021.

Thank you for the strong support of our community for allowing us to continue to bring these new milestones to your Department. Engine 72 crew shown in picture from left to right: Heather Bacon (Acting Officer), Jessica Stacy (Driver/Pump Operator) and Mandy Miller (Firefighter/EMT).

REMINDER!!! When it snows please move cars off the street. The plows need to clear the streets and cars will get plowed in if not moved.
