ZONING CERTIFICATE APPLICATION

Application is hereby made for a zoning certificate. It is understood and agreed by the applicant that any error, misstatement or misrepresentation of fact or expression of fact in the application and attachments, either with or without intention on the part of the applicant, such as might, or would, operate to cause the issuance of a certificate in accordance with this application, shall constitute sufficient ground for the revocation of the certificate at any time, stop work order and or removal of structure. PERMIT SHOULD BE POSTED SO IT IS VISABLE FROM THE STREET

A property survey to establish boundaries is not normally a requirement for issuance of a certificate; however, the setback requirements are minimum dimensions from the property lines. The "applicant" has the responsibility to know exactly where the property boundaries are located to ensure compliance with the setback requirements.
