Re: Statistical review for 2023

Chief,

Attached is the statistical review for 2022. Calls for service were nearly identical to the year end 2021 report with a difference of only 49 less calls than 2021.

Specific items to note:

- 1.) Traffic stops decreased by 13 %**
- 2.) Traffic citations decreased by 17 %**
- 3.) Assist police and fire calls were exactly identical.**
- 4.) OVI arrests decreased by 20 %**
- 5.) Property checks increased by 67 %**
- 6.) Alarm responses decreased 26 %**
- 7.) Recovered stolen autos decreased by 70 %**
- 8.) Illegal burns decreased by 75 %**

Items of considerable concern and focus for the upcoming year include continuing to combat the opioid crisis and drug crimes as overdoses have increased a full 100 %. In addition to overdoses, traffic enforcement shall continue to be a focus as traffic crashes increased 68 % with eight of the 54 accidents attributed to drugs or alcohol.

The decrease in traffic citations , OVI arrests and traffic stops are attributed to the loss of one full time officer for eight months during 2022.

The calendar year 2022 closed with 41 active open felony cases still in progress and include six active F1 cases which include one homicide , one forcible rape, two drug trafficking , and two kidnapping offenses.

Respectfully Submitted,
