It is prohibited for an employee to allow an unauthorized user to access the computer system at any time or for any reason. Employees shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

201.6 INSPECTION AND REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of supervisory duties or based on cause.

Reasons for inspection or review may include but are not limited to computer system malfunctions, problems, or general computer system failure, a lawsuit against the Township involving one of its employees or an employee's duties, an alleged or suspected violation of any township policy, a request for disclosure of data, or a need to perform or provide a service.

Qualified staff may extract, download, or otherwise obtain any and all temporary or permanent files residing or located in or on the township computer system when requested by a supervisor or during the course of regular duties that require such information.

Local Government Use of Social Media

202.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that any use of social media on behalf of the Township is consistent with the Township mission.

This policy does not address all aspects of social media use. Specifically, it does not address:

- Personal use of social media by township employees (see the Speech, Expression, and Social Networking Policy).
- Use of social media in personnel processes (see the Recruitment and Selection Policy).
- Use of social media as part of an investigation, other than disseminating information to the public on behalf of this township.

202.1.1 DEFINITIONS

Definitions related to this policy include:

Social media - Any of a wide array of internet-based tools and platforms that allow for the sharing of information, such as the township website or social networking services.

202.2 POLICY

The Township may use social media as a method of effectively informing the public about township services, issues, investigations, recruitment, and other relevant events.

The use or access of social media should be done in a manner that protects the constitutional rights of all people.

202.3 AUTHORIZED USERS

Only employees authorized by the Trustee or the authorized designee may utilize social media on behalf of the Township. Authorized employees shall use only township-approved equipment during the normal course of duties to post and monitor township-related social media, unless they are specifically authorized to do otherwise by their supervisors.

The Trustee may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting.

Requests to post information over township social media by employees who are not authorized to post should be made through the appropriate supervisory channels.

202.4 AUTHORIZED CONTENT

Only content that is appropriate for public release, that supports the Township mission, and that conforms to all township policies regarding the release of information may be posted. Examples of appropriate content include:

- (a) Announcements.

In instances of active incidents where speed, accuracy, and frequent updates are paramount (e.g., crime alerts, public safety information, traffic issues), the Trustee or the authorized designee will be responsible for the compilation of information to be released.

202.5 PROHIBITED CONTENT

Content that is prohibited from posting includes but is not limited to:

- (a) Content that is abusive, discriminatory, inflammatory, or sexually explicit.
- (b) Any information that violates individual rights, including confidentiality and/or privacy rights and those provided under state, federal, or local laws.

202.5.1 PUBLIC POSTING PROHIBITED

Township social media sites shall be designed and maintained to prevent posting of content by the public.

The Township may provide a method for members of the public to contact township employees directly.

Local Government Use of Social Media

202.6 MONITORING CONTENT

The Trustee will appoint a supervisor to review, at least annually, the use of township social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content, and the resolution of any issues.

202.7 RETENTION OF RECORDS

The Trustee should work with the Trustee and Fiscal Officer to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

202.8 TRAINING

Authorized employees should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, and dissemination and retention of information posted on township sites.

Subpoenas and Court Appearances

203.1 PURPOSE AND SCOPE

This policy establishes the guidelines for township employees who must appear in court. It will allow the Township to cover any related work absences and keep the Trustee informed about relevant legal matters.

203.2 POLICY

Employees will respond appropriately to all subpoenas and any other court-ordered appearances.

203.3 SUBPOENAS

Only employees authorized to receive a subpoena on behalf of the Township or any of its employees may do so.

203.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any employees who are subpoenaed to testify, agree to testify, or provide information on behalf or at the request of any party other than the Township or the prosecutor shall notify their immediate supervisors without delay regarding:

- (a) Any civil case where the Township or one of its employees, as a result of the employee's official capacity, is a party.
- (b) Any civil case where any other city, county, state, or federal unit of government or a member of any such unit of government, as a result of the member's official capacity, is a party.
- (c) Any criminal proceeding where the employee is called to testify or provide information on behalf of the defense.
- (d) Any civil action stemming from the employee's work activity or because of the employee's association with the Township.
- (e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Township.

The supervisor will then notify the Trustee and the appropriate prosecuting attorney if applicable. The Trustee should determine if additional legal support is necessary.

No employee shall be retaliated against for testifying in any matter.

203.3.2 WORK-RELATED SUBPOENAS

The Township will compensate employees who appear in their official capacities on matters arising out of their official duties.

The Township should seek reimbursement for the employee's compensation for appearances on civil subpoenas through the attorney of record who subpoenaed the employee.

203.3.3 OTHER SUBPOENAS

Employees receiving valid subpoenas for actions unrelated to their employment or appointment with the Township will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

203.4 FAILURE TO APPEAR

Any employee who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

203.5 COURTROOM PROTOCOL

When appearing in court, employees shall:

- (a) Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.
- (b) Dress and prepared to proceed immediately with the case for which they are scheduled to appear.
- (c) Observe all rules of the court in which they are appearing and remain alert to change in the assigned courtroom where their matter is to be heard.

203.5.1 RECORDS

When an employee is directed by a subpoena to appear in court with records, that employee should notify the Trustee and Fiscal Officer promptly after receiving the subpoena that the specified records are needed for court.

Limited English Proficiency Services

204.1 PURPOSE AND SCOPE

When applicable, this policy provides guidance to employees when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

204.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Township to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficiency (LEP) individual - Any individual whose primary language is not English and who has a limited ability to read, write, speak, or understand English. These individuals may be competent in certain types of communication (e.g., speaking, understanding) but still exhibit LEP for other purposes (e.g., reading, writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting, but these skills may be insufficient in other situations.

Qualified bilingual employee - An employee of the Township, designated by the Trustee or the authorized designee, who has the ability to communicate fluently, directly, and accurately in both English and another language. Bilingual employees may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

204.2 POLICY

It is the policy of the Township, when applicable, to reasonably provide LEP individuals with meaningful access to services, programs, and activities, while not imposing undue burdens on the Township or its employees.

The Township will not discriminate against or deny any individual access to services, rights, or programs based upon national origin or any other protected interest or right.

204.3 LEP COORDINATOR

The Trustee or the authorized designee should delegate certain responsibilities to an LEP coordinator.

The responsibilities of the coordinator should include but not be limited to:

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the township's LEP services to LEP individuals.
- (b) Developing procedures that will enable employees to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all employees.
- (c) Maintaining and making available to employees, as appropriate, a list of all qualified bilingual employees and authorized interpreters. The list should include information regarding:
 - 1. Languages spoken.
 - 2. Contact information.
 - 3. Availability.
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
 - 1. Content on the township website should be included in this review and should be translated on the website, if appropriate.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and data from government and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used to qualify individuals as qualified bilingual employees or authorized interpreters.
- (h) Periodically reviewing efforts of the Township in providing meaningful access to LEP individuals, and, as appropriate, developing reports, developing new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding township LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to township services, programs, and activities.
- (k) Requiring third parties providing township services, rights, or programs through contract, outsourcing, licensing, or other arrangement to establish reasonable policies and procedures to prohibit discrimination or denial of access or services based upon national origin or any other protected interest or right.

204.4 FOUR-FACTOR ANALYSIS

Because there are many different languages that employees could encounter, the Township will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

Limited English Proficiency Services

measures will provide meaningful access to its services and programs. It is recognized that contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of the following four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by township employees, or who may benefit from programs or services within the jurisdiction of this township.
- (b) The frequency with which LEP individuals are likely to come in contact with township employees, programs, or services.
- (c) The nature and importance of the contact, program, information, or service provided.
- (d) The cost of providing LEP assistance and the resources available.

204.5 TYPES OF LEP ASSISTANCE AVAILABLE

Employees should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Township will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Township will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept township-provided LEP services at no cost, or they may choose to provide their own.

Township-provided LEP services may include but are not limited to the assistance methods described in this policy.

204.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. If English versions of any vital documents are published on the township website, the translated versions of the same document must also be posted on the website. The LEP coordinator will arrange to make all translated documents available to employees and other appropriate individuals, as necessary.

204.7 AUDIO RECORDINGS

The Township may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

204.8 QUALIFIED BILINGUAL EMPLOYEES

Bilingual employees may be qualified to provide LEP services when they have demonstrated through established township procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Employees utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit.

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

Limited English Proficiency Services

When a qualified bilingual employee is not available, personnel from another department who have been identified as having the requisite skills and competence may be requested.

204.9 AUTHORIZED INTERPRETERS

Any person designated by the Township to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the transaction involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a legal or other proceeding.

Authorized interpreters must pass a screening process established by the LEP coordinator that demonstrates their skills and abilities in the following areas:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any applicable specialized terms or concepts and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

204.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Township may contract with authorized interpreters who are available over the telephone. Employees may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual employees of another department within the Township.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as court interpreters, among others.

204.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Township to communicate with LEP individuals.

Where qualified bilingual employees or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, employees must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

Limited English Proficiency Services

While family or friends of an LEP individual may offer to assist with communication or interpretation, employees should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

204.10 CONTACT AND DOCUMENTATION

Although all public contacts, services, and individual rights are important, this township will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular activity involved.

Whenever any employee of this township is required to complete a report or other documentation that involves a situation in which interpretation services were provided to any involved LEP individual, such services should be noted in the related report or documentation. Employees should document the type of interpretation services utilized and whether the individual elected to use services provided by the Township or some other identified source.

204.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Township will take reasonable steps to develop in-house language capacity by hiring or appointing qualified employees proficient in languages representative of the community being served.

204.11.1 EMERGENCY ASSISTANCE

Township employees will make every reasonable effort to promptly accommodate LEP individuals who appear to be in need of emergency assistance. An employee who determines that a person in need of emergency assistance is an LEP individual should attempt to gather sufficient information to determine what type of assistance the person needs and to initiate an appropriate response to the situation. As soon as possible, if language assistance is still needed and the language is known, the employee should attempt to locate a qualified bilingual employee to assist with the situation.

If a qualified bilingual employee is not available or the employee is unable to identify the primary language used by the LEP individual, the employee should contact the contracted interpretation service for assistance.

204.12 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this township are important to the ultimate success of local government and achievement of the township's mission. This township will continue to work with community groups, local businesses, and neighborhoods to provide equal access to such programs and services.

204.13 TRAINING

To ensure that all employees who may have contact with LEP individuals are properly trained, the Township will provide periodic training on this policy and related procedures, including how to access authorized telephonic and in-person interpreters and other available resources.

New employees should receive LEP training. Those who may have contact with LEP individuals should receive periodic refresher training. Training records should be maintained in each employee's personnel file in accordance with the established records retention schedule.

204.13.1 TRAINING FOR AUTHORIZED INTERPRETERS

All employees on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Employees on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

Authorized interpreters will receive annual refresher training.

ADA Compliance

205.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for equal access to local government services, programs, and activities for persons with disabilities in accordance with Title II of the Americans with Disabilities Act (ADA).

This policy also includes guidelines to provide effective communication with persons with disabilities and to protect the rights of individuals who use service animals in accordance with the ADA.

They include but are not limited to the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the person uses assistive devices, auxiliary aids, and services. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102; 28 CFR 35.108).

Modification - Any change, adjustment, alteration, adaptation, or accommodation that renders a township service, program, or activity suitable for use, enjoyment, or participation by a person with a disability. This may include alteration of existing buildings and facilities.

A modification includes any change or exception to a policy, practice, or procedure that allows a person with a disability to have equal access to programs, services, and activities. It also includes the provision or use of assistive devices, auxiliary aids, and services.

Power-driven mobility device - Any mobility device powered by batteries, fuel, or other engine type used by persons with disabilities for mobility assistance, regardless of whether the device was primarily designed for that purpose (e.g., golf carts, Segway® PT, mobility scooters). For purposes of this policy, it does not include wheelchairs.

Qualified interpreters include oral interpreters, translators, sign language interpreters, and intermediary interpreters.

Service animal - A dog that is trained to do work or perform tasks for the benefit of a person with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability.

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for persons with disabilities, provided the horse is housebroken, is under the handler's control, the building or facility can accommodate the horse's type, size, and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

205.2 POLICY

It is the policy of the Township that persons with disabilities have equal access to township services, programs, and activities.

The Township will not discriminate against or deny any individual access to services, programs, or activities based upon disabilities.

205.3 AMERICANS WITH DISABILITIES ACT (ADA) COORDINATOR

The responsibilities of the ADA coordinator include but are not limited to (28 CFR 35.130):

- (a) Coordinating efforts among each township department to provide equal access to services, programs, and activities including:
 - 1. Establishing procedures to provide for the performance of routine maintenance on buildings, facilities, or equipment that provide access to persons with disabilities (28 CFR 35.133).
- (b) Recommending amendments to this policy, as needed.
- (c) Coordinating a process of periodic self-evaluation. The process should include:
 - 1. Inspection of current township buildings and facilities to identify access issues.
 - 2. Review of current township services, activities, and programs for access issues.
 - 3. Assessment and update of current compliance measures.
 - 4. Identification of recurring areas of complaint for which new methods of modification should be considered.
 - 5. Review of the township's emergency programs, services, and activities as they apply to persons with disabilities.

- (e) Developing procedures for the review and processing of requests for assistance or modifications that will help employees provide persons with disabilities access to township services, programs, and activities, as appropriate.
- (f) Providing notice to the public regarding the rights and protections afforded by the ADA (e.g., posters, published notices, handbooks, manuals, and pamphlets describing township services, programs, and activities and the availability of assistive devices, auxiliary aids, and services, as well as modifications) (28 CFR 35.106).
- (g) Developing procedures for employees to access assistive devices, auxiliary aids, and services, including qualified interpreters, and making the procedures available, as appropriate.
 - 1. A list of qualified interpreter services with contact and availability information should be maintained and easily accessible to employees.

- (l) Coordinating with appropriate township staff to address the needs of persons with disabilities in the Township's emergency disaster preparedness planning, including consideration of shelters and care facilities, transportation, means of evacuation, communication methods (e.g., warning and emergency notification systems), and post-disaster canvassing.

205.4 REQUESTS

The goal of any modification should be to allow the person to participate in the service, program, or activity the same as a person who does not have a disability.

Upon receiving a request for a modification, employees should make reasonable efforts to accommodate the request based on the preference of the person with the disability. Employees should not ask about the nature and extent of a person's disability, but should limit questions to information necessary to determine the need for a modification and the type of modification that is appropriate.

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

ADA Compliance

If the requested modification, or an alternative modification, can reasonably be made at the time of the request, the employee should make the modification. An employee who is unable to accommodate a request or unsure about whether a request should be accommodated, should contact a supervisor.

The supervisor should review and approve the request, if practicable and appropriate. Otherwise, the supervisor should document the requesting person's contact information and the modification being requested and forward the request to the ADA coordinator for processing as soon as reasonably practicable.

205.4.1 DENIAL OF A REQUEST

The following should be considered before denying a request for modification:

- (a) Requests for modifications should be approved unless complying with the request would result in (28 CFR 35.150):
 - 1. A substantial alteration of the service, program, or activity.
 - 2. An undue financial or administrative burden on the Township.
 - 3. All resources available for use in the funding and operation of the service, program, or activity at issue should be considered in this determination.
 - 4. A threat to or the destruction of the historic significance of an historic property.
 - 5. A direct threat to the health or safety of others (28 CFR 35.139).
- (b) If any of these circumstances are present, the ADA coordinator should work with department staff and the person requesting the modification to determine if an alternative modification is available.
- (c) Where physical modification of an existing building or facility, or new construction, would be unfeasible or unduly burdensome, the ADA coordinator should work with department staff to determine whether alternative modifications are available. Alternative methods that should be considered include (28 CFR 35.150):
 - 1. Reassigning services, programs, or activities to accessible buildings or facilities.
 - 2. Utilizing technology, equipment, rolling stock, or other conveyances.
 - 3. Delivering the services, programs, or activities directly to a person with a disability by way of home visits or meeting the person at an accessible location.
 - 4. Any other means or methods that would make services, programs, or activities readily accessible.
- (d) If no alternative modification is appropriate, the ADA coordinator shall issue a written statement explaining why a modification of the public service, program, or activity will not be made (28 CFR 35.150).

205.4.2 PERSONAL DEVICES AND ASSISTANCE

Although employees should make every effort to comply with requests, the provision of personal devices or assistance (e.g., wheelchairs, eyeglasses, hearing aids, personal assistance in eating or using the restroom) to persons with disabilities is not required (28 CFR 35.135).

205.4.3 SURCHARGES

Surcharges shall not be imposed upon persons with disabilities to cover the costs of providing modifications to public services, programs, and activities (28 CFR 35.130(f)).

205.5 MOBILITY DEVICES

Wheelchairs and manually powered mobility devices such as walkers, crutches, canes, and braces are permitted in any areas open to pedestrians.

Power-driven mobility devices other than wheelchairs may be restricted only if a legitimate safety interest is identified that warrants the restriction (28 CFR 35.130(h); 28 CFR 35.137).

An employee should not ask a person using a power-driven mobility device to terminate the use of the device or leave the area unless an imminent and legitimate safety issue is present. If an employee is concerned about the use of a power-driven mobility device by a person with a disability, the employee should contact a supervisor.

The determination of whether a reasonable modification should be made for the use of a power-driven mobility device within a public building or facility should be based on whether the device, given its size and speed, can be safely used within the particular building or facility taking into account the layout and design of the building or facility, the amount of pedestrian traffic present in the building or facility, and whether there is any risk of damage to the building or facility or its immediate environment as set forth in 28 CFR 35.137.

205.5.1 INQUIRIES REGARDING MOBILITY DEVICES

If an individual is using a power-driven mobility device other than a wheelchair, the employee may seek credible assurance from the individual that the device is needed because of a disability. Credible assurance of the device's necessity may be provided in one of the following ways (28 CFR 35.137):

- (a) Presentation of a valid, state-issued disability placard or card
- (b) Presentation of any other state-issued proof of disability
- (c) A verbal statement, not contradicted by observable fact, that use of the device is necessary for mobility purposes

205.6 COMMUNICATIONS WITH PERSONS WITH DISABILITIES

Employees should remain alert to the possibility of communication problems when engaging with persons with disabilities. When an employee knows or suspects an individual requires assistance to effectively communicate, the employee should identify the individual's choice of assistive device, auxiliary aid, and service.

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

ADA Compliance

The individual's preferred communication method should be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length, and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, employees may use whatever assistive device, auxiliary aid and service reasonably appears effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate assistive device, auxiliary aid, and service. Once the emergency has ended, the continued method of communication should be reconsidered. The employee should inquire as to the individual's preference and give primary consideration to that preference.

205.6.1 TYPES OF ASSISTANCE AVAILABLE

Employees shall not refuse an available type of assistive device, auxiliary aid, and service to a person with a disability who is requesting assistance. The Township will not require persons with disabilities to furnish their own assistive device, auxiliary aid, and service as a condition for receiving assistance. The Township will make every reasonable effort to provide equal access and timely assistance to persons with disabilities through a variety of assistive devices, auxiliary aids, and services.

Persons with disabilities may choose to accept township-provided assistive devices, auxiliary aids, and services, or they may choose to provide their own.

Township-provided assistive devices, auxiliary aids, and services may include but are not limited to the assistance methods described in this policy.

205.6.2 AUDIO RECORDINGS AND ENLARGED PRINT

The Township may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, employees may read aloud from the appropriate form or provide forms with enlarged print.

205.6.3 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex interactions (e.g., public meetings or hearings, special or emergency meetings, plan reviews) for individuals who normally rely on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the exchange. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a local government or legal proceeding.

Qualified interpreters should be:

Washington Township

ADA Compliance

- (a) Available within a reasonable amount of time.
- (b) Experienced in providing interpretation services.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Employees should use township-approved procedures to request a qualified interpreter at the earliest reasonable opportunity or when it is reasonably apparent that an interpreter is needed. Persons with disabilities shall not be required to provide their own interpreters (28 CFR 35.160).

205.6.4 TTY AND RELAY SERVICES

The Township will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service.

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

205.6.5 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Township to provide interpreter services.

When qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, township employees must carefully consider the nature of the interaction and the relationship between the person with the disability and the volunteer to be reasonably satisfied that the volunteer can provide neutral and unbiased assistance.

205.6.6 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, employees should carefully consider the circumstances before relying on such individuals. The nature of the interaction and relationship between the person with the disability and the person offering services must be carefully considered to determine whether the family member or friend can provide neutral and unbiased assistance.

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

ADA Compliance

- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

205.6.7 FIELD ENFORCEMENT CONSIDERATIONS

It is important that employees are able to effectively communicate with persons with disabilities even though the location of the communication may hinder the employee's ability to provide assistive devices, auxiliary aids, and other services in a prompt manner.

Employees involved in interactions with persons with disabilities that occur in the field and that could result in any type of civil or criminal enforcement action (e.g., issuing code enforcement citations, shutting off a utility service) should assess each situation to determine if communication assistance is necessary. The length, complexity, and importance of the communication, as well as the individual's preferred method of communication, should be considered when determining what, if any, resources should be used and whether a qualified interpreter or other service is needed.

205.7 SERVICE ANIMALS

Service animals that are assisting persons with disabilities are permitted in all township buildings and facilities and other areas where the general public is allowed. Township employees are expected to treat people with service animals with the same courtesy and respect that the Township affords to all members of the public (28 CFR 35.136).

205.7.1 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness, or collar.

Service animals may be used in a number of ways to provide assistance, including:

- (a) Guiding people who are blind or have low vision.
- (b) Alerting people who are blind or have low vision.
- (c) Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms, or legs.
- (d) Pulling wheelchairs.
- (e) Providing physical support and assisting with stability and balance.
- (f) Doing work or performing tasks for people with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- (g) Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

205.7.2 INQUIRIES REGARDING SERVICE ANIMALS

If it is apparent or if an employee is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the employee should ask the individual only the following questions (28 CFR 35.136(f)):

- (a) Is the animal required because of a disability?
- (b) What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. Employees should not question individuals about their disabilities nor should employees ask any individual to provide a license, certification, or identification card for a service animal.

205.7.3 CONTACT WITH SERVICE ANIMALS

Service animals are not pets. Township employees should not interfere with the important work performed by a service animal by talking to, petting, or otherwise initiating contact with a service animal.

205.7.4 REMOVAL OF SERVICE ANIMALS

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an employee should notify an appropriate supervisor who may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually, and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse access to services, programs, or activities to a person with a disability. Employees are expected to provide all services that are reasonably available to a person with a disability, with or without a service animal.

205.8 WEBSITE ACCESS

The ADA coordinator should work with appropriate township employees to develop online content that is readily accessible to persons with disabilities. Township web content should be developed in conformance with the most current guidelines issued by the U.S. Department of Justice.

Website content should also be made available to persons with disabilities in an alternative format upon request, if reasonably practicable.

205.9 DOCUMENTATION

Whenever any modification, assistive device, auxiliary aid, and service has been provided, the employee involved should document:

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

ADA Compliance

- (a) The type of modification, aid, or service provided.
- (b) Whether the individual elected to use an assistive device, auxiliary aid, and service provided by the Township or some other identified source, if applicable.
- (c) Whether the individual's express preference for the modification, assistive device, auxiliary aid, and service was not honored, and the reason why an alternative method was used.

The documentation and any written communications exchanged should be maintained consistent with the Records Maintenance and Release Policy.

205.10 COMPLAINTS

An employee who receives a complaint or becomes aware of potential disability discrimination, an ADA violation, or a person's inability to access a township program, service, or activity should document the complaint and refer the matter to the ADA coordinator (28 CFR 35.107).

205.11 TRAINING

Employees who may have contact with persons with disabilities should receive periodic training on ADA compliance, to include:

- (a) Awareness and understanding of this policy and related procedures, related forms, and available resources.
- (b) Procedures for handling requests for modifications.
- (c) Accessing assistive devices, auxiliary aids, and services needed to communicate with persons with disabilities.
- (d) General requirements of the ADA, including modifying policies and practices, communicating with and assisting customers, accepting calls placed through alternative systems, and identifying alternate ways to provide access to programs, services, and activities as appropriate to the employee's job duties.

Training records should be maintained in each employee's personnel file in accordance with the established records retention schedule.

Emergency Management Plan

206.1 PURPOSE AND SCOPE

This policy addresses the preparation, maintenance, and activation of the township's emergency management plan.

206.2 POLICY

The Township will prepare for large-scale emergencies within and outside its jurisdiction through planning, mutual cooperation with other agencies, and maintenance of an emergency management plan.

206.3 TOWNSHIP RESPONSIBILITIES

The Trustee will designate the Trustee Chairperson to be responsible for the township's emergency management plan and the coordination with applicable local and state departments and entities for disaster planning, mitigation, response, and recovery efforts.

206.4 ACTIVATING THE EMERGENCY MANAGEMENT PLAN

The emergency management plan should include direction on how to activate the emergency management plan and who can activate it in response to a major emergency.

206.4.1 RECALL OF PERSONNEL

In the event that the emergency management plan is activated, all employees of the Township are subject to immediate recall to service. Employees may also be subject to recall during extraordinary circumstances as deemed necessary.

Failure to promptly respond to an order to report to work may result in discipline.

206.5 LOCATION OF THE EMERGENCY MANAGEMENT PLAN

Copies of the emergency management plan should be available to appropriate personnel. All supervisors should familiarize themselves with the emergency management plan and assist employees in familiarizing themselves with the roles they will play when the plan is implemented.

206.6 EMERGENCY MANAGEMENT PLAN REVIEW

The Trustee or the authorized designee should review the emergency management plan at least once every two years and ensure that the plan conforms to any revisions made by the National Incident Management System (NIMS). The Trustee or the authorized designee should appropriately address any needed revisions.

206.7 TRAINING

The Township should provide training on the emergency management plan for appropriate personnel. Training should incorporate a full or partial exercise or a tabletop or command discussion

Cash Management Policy

207.1 SCOPE/PURPOSE

Washington Township faces multiple risks related to cash, cash equivalents, and checks that are received for services, the greatest of which is loss or theft of funds. The best way to mitigate this risk is to deposit the funds in the assigned bank accounts as quickly as possible. This practice also allows Washington Township to take advantage of options that will maximize investment returns. It is also important that the proper internal controls are in place to reduce the risk and temptation of fraud and to ensure the deposits are recorded accurately in Washington Township's general ledger.

207.2 POLICY

- All funds collected by any employee or department of Washington Township must be deposited into the bank account the following date of collection. Where this is impractical the deposit may be made within three business days of collection. Deposits of \$1,000 or more need to be deposited same day or the next business day. This policy will protect township funds as well as facilitate proper cash management. All currency deposited must be U.S. currency.
- It is the responsibility of each bonded employee of the department to make the deposits into the bank account.
- **DEPARTMENTAL CASH HANDLING CONTROLS:**
 - Washington Township team members must follow proper procedures and exercise internal controls when handling the collection and deposit of cash and checks. A system of internal controls is designed to provide reasonable assurance that errors will be detected and corrected in the normal course of activities. Necessary components of this system are:
 - # Segregation of duties between personnel who issue billing/receivables, receive funds, deposit funds, and those who reconcile transactions;
 - # Controlled access to resources such as cash/checks, cash equivalents, deposit supplies, account information, and personal information;
 - # Verification and reconciliation of financial information;
 - Approval of refunds / issuing refunds in like kind;
- A series of high-level process steps is outlined below for controlling departmental funds management within three main cash handling activities: Receiving Funds; Depositing Funds; and Accounting and Reconciliation. The process steps are as follows:
- **# Receiving Funds**
 - # Determine who is authorized to receive funds, and ensure personnel are properly trained
 - # Ensure money is counted / verified and deposited

Washington Township

Washington Township Local Government Manual

Cash Management Policy

- # Money must be counted by two people and signed off
- # Ensure funds and information are safeguarded, in a safe or locked cabinet in a bank envelope ready to deposit, in a township building
- **# Depositing Funds**
 - # Determine who is authorized to deposit funds, and ensure personnel are properly trained
 - # Ensure funds and information are safeguarded
 - # The fiscal officer should keep a daily log with the deposit and sign off of who took the deposit to the bank
- **# Accounting and Reconciliation**
 - # The fiscal officer ensures deposits post to the appropriate accounts and are reconciled daily
 - # The fiscal officer reconcile receipts / deposits with statement of activity for all deposits and credit cards charges
 - # The fiscal officer must be given all documentation and backup related to the deposit, this includes contracts, receipts, and any documentation that is public record and ties back to the deposit.

208.4 RECRUITMENT, SELECTION, AND APPOINTMENT

The Township shall endeavor to recruit and appoint only those applicants who meet the high ethical, moral, and professional standards set forth by this township.

208.4.1 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with township policy on equal opportunity, nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in and an ability to assist the Township in serving the public.

Requests for volunteers should be submitted in writing by interested township employees to the volunteer coordinator through the requester's immediate supervisor. A complete description of the volunteer's duties and a requested time frame should be included in the request. All township employees should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The volunteer coordinator may withhold assignment of any volunteer until such time as the requester is prepared to make effective use of volunteer resources.

208.4.2 SELECTION

Volunteer candidates shall successfully complete the following process prior to appointment as a volunteer:

- (a) Submit the appropriate written application.
- (b) Interview with the volunteer coordinator.

No volunteer should begin any assignment until officially accepted for the position and all required screening and paperwork has been completed. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of the position description and agreement of service with the Township.

All volunteers shall receive a copy of applicable volunteer orientation materials and shall be required to sign a volunteer agreement. Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, and abilities and the needs of the Township.

Volunteers serve at the discretion of the Trustee.

As representatives of the Township, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their assignment.

Uniforms and necessary safety equipment will be provided for each volunteer, if appropriate for the volunteer position. Identification symbols worn by volunteers shall be different and distinct from those worn by township employees through the inclusion of "Volunteer" on the uniform.

Certain volunteers may be issued township identification cards to be carried at all times while in the performance of their assignment. The identification cards may be the standard township identification cards, except that "Volunteer" will be indicated on the cards.

208.6 PERSONNEL WORKING AS VOLUNTEERS

Qualified regular township personnel, when authorized, may also serve as volunteers. However, this township shall not utilize the services of volunteers in such a way that it would violate employment laws or employment agreements. Therefore, the volunteer coordinator should consult with the Trustee or the authorized designee prior to allowing regular township personnel to serve in a volunteer capacity (29 CFR § 553.100 et seq.).

208.7 VOLUNTEER COORDINATOR

The volunteer coordinator should be appointed by the Trustee or the authorized designee.

The function of the coordinator is to provide a central coordinating point for effective volunteer management within the Township, and to direct and assist efforts to jointly provide more productive volunteer services. Volunteers serve under the general direction of the supervisor in charge of the volunteer's assignment but report to the volunteer coordinator.

The volunteer coordinator may appoint a senior volunteer or other designee to assist in the coordination of volunteers and their activities.

The responsibilities of the coordinator or the authorized designee include but are not limited to:

An evaluation of the overall use of volunteers will be conducted on an annual basis by the coordinator.

208.8 RESPONSIBILITIES

Volunteers assist township personnel as needed. Volunteers may be assigned to one department to augment the support of paid personnel, but they may be reassigned as needed. Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, and abilities and the needs of the Township.

208.8.1 COMPLIANCE

Volunteers shall be required to adhere to all township policies and procedures. A copy of the policies and procedures will be made available to each volunteer upon appointment. The volunteer shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this Policy Manual refers to township employees, it shall also apply to a volunteer, unless by its nature it is inapplicable.

Volunteers are required to meet township-approved training requirements as applicable to their assignments.

208.8.2 VOLUNTEER MEETINGS

All volunteers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the volunteer coordinator.

208.9 TASK-SPECIFIC TRAINING

Task-specific training is intended to provide the required instruction and practice for volunteers to properly and safely perform their assignments. Training should correspond to the volunteer's assignment as determined by the volunteer coordinator.

Volunteers will be provided with an orientation program to acquaint them with the policies of the Township and procedures applicable to their assignments.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete the required tasks, and should receive ongoing training as deemed appropriate by their supervisors or the volunteer coordinator.

Training should reinforce to volunteers that they shall not intentionally represent themselves as, or by omission imply that they are, full-time employees of the Township. They shall always represent themselves as volunteers.

All volunteers shall comply with the standards of conduct and with all applicable orders and directives, either oral or written, issued by the Township.

208.9.1 VOLUNTEER TRAINING MATERIALS

Volunteers will be issued training materials when necessary, based upon the volunteer assignment. The materials should outline the subject matter and skills necessary to properly function as a volunteer with the Township. The volunteer shall become knowledgeable of the subject matter and proficient with the skills as set forth in the training materials.

208.10 SUPERVISION

Each volunteer must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the volunteer's assignment. The following are some considerations that supervisors should keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give volunteers an assignment or task that will utilize these valuable resources.

A volunteer may be assigned as a supervisor of other volunteers, provided that the supervising volunteer is under the direct supervision of an employee.

208.10.1 EVALUATIONS

A volunteer will be considered a trainee until training has been satisfactorily completed. Volunteers who have completed their training should be evaluated annually using performance dimensions applicable to the assignment and authorities granted to that volunteer.

208.10.2 FITNESS FOR DUTY

No volunteer shall report for work or be at work when the volunteer's judgment or physical condition has been impaired due to illness or injury, or by the use of alcohol or drugs, whether legal or illegal.

Volunteers shall report to their supervisors any change in status that may affect their ability to fulfill their assignments.

208.11 INFORMATION ACCESS

With appropriate security clearance, a volunteer may have access to or be in the vicinity of confidential or protected information, including but not limited to legal materials, financial data, or information portals. Unless otherwise directed by a supervisor, the responsibilities of the position, or policy, all such information shall be considered confidential. Only that information specifically identified and approved by authorized employees shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by township policy and supervisory personnel.

A volunteer whose assignment requires the use of, or access to, confidential or protected information will be required to obtain the necessary security clearance, which may include a

criminal background check and/or the submission of fingerprints to the appropriate state agency. Volunteers working this type of assignment will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Township. Subsequent unauthorized disclosure of any confidential information verbally, in writing, or by any other means by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to newspapers or other periodicals, release or divulge any information concerning the activities of the Township, or maintain that they represent the Township in such matters without permission from the proper township personnel.

208.11.1 RADIO USAGE

Any volunteer who operates township radios while acting in the capacity of a volunteer should receive appropriate training on radio usage.

208.12 EQUIPMENT

Any property or equipment issued by the Township shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Township and shall be returned at the termination of service.

208.12.1 VEHICLE USE

Any volunteer who operates any vehicle while acting in the capacity of a volunteer shall receive training in safe driving. The specific training and course of study shall be determined by the volunteer coordinator and supervisor in charge of the volunteer's assignment.

Volunteers whose assignments require the use of a vehicle must first complete:

- (a) A driving safety briefing and, if necessary to the volunteer position, a township-approved driver safety course.
- (b) Verification that the volunteer possesses a valid driver's license.
- (c) Verification that the volunteer carries current vehicle insurance.

The volunteer coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating township vehicles, volunteers shall obey all rules of the road, including seat belt requirements.

Volunteers should not operate marked law enforcement or other emergency operation vehicles unless there is a prominently placed sign indicating that the vehicle is out of service.

Volunteers are not authorized to operate township vehicles while using the vehicle's emergency equipment (e.g., emergency lights, siren).

208.13 DISCIPLINARY PROCEDURES/TERMINATION

If a volunteer becomes the subject of a complaint or administrative investigation, the matter may be investigated in accordance with township procedures applicable to regular employees.

Washington Township

Volunteers

Volunteers are considered at-will and may be removed from service at the discretion of the Trustee or the authorized designee, with or without cause. Volunteers shall have no property interest in their continued appointments or due process interest in an administrative investigation. However, if removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear the volunteer's name through a liberty interest hearing, which shall be limited to a single appearance before the Trustee or the authorized designee.

Volunteers may resign from volunteer service with the Township at any time. It is requested that volunteers who intend to resign provide advance notice and a reason for their decision.

208.13.1 EXIT INTERVIEWS

The volunteer coordinator should conduct exit interviews, where possible. These interviews should ascertain why the volunteer is leaving the position and should solicit the volunteer's suggestions on improving the position. When appropriate, an exit interview should also include a discussion on the possibility of involvement in some other capacity with the Township.

Chapter 3 - Facilities

Key and Electronic Access Device Controls

300.1 PURPOSE AND SCOPE

The control and accountability of keys is important to maintain a safe and secure environment for employees and members of the public.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Key - All electronic or mechanical devices used to access or exit township buildings and facilities. It includes proximity cards, key fobs, and other electronic access devices.

300.2 POLICY

It is the policy of the Township that all keys used to access local government buildings and facilities are inventoried and controlled.

300.3 KEY IDENTIFICATION

All keys that open any doors or locks to township buildings or facilities should be marked with unique identification codes that will allow for quick inventory. Keys that are bundled together as a set should be numbered or coded with a tag to identify that set and the number of keys on the ring. The identifying numbers or codes on keys should not correspond to numbers/codes on locks.

A separate secure document identifying all keys will be maintained by the Trustee or the authorized designee.

300.4 KEY CONTROL

Keys may be issued to employees or accessed and checked out by authorized employees from secure designated areas. Keys issued to or accessed and checked out by employees shall be limited to only those keys necessary for the employee's position.

Employees shall not loan a key or key set to another person. All keys must be issued or checked out through the control process. Employees shall not possess any key for which they have not been authorized.

All keys issued or checked out to employees remain the property of the Township. Employees shall not duplicate, mark, alter, or manufacture any key without written authorization from the Trustee or the authorized designee.

The Trustee or the authorized designee should regularly inventory all township keys.

300.5 LOCK POLICY

All township buildings and facilities should be kept locked during non-operating hours. Employees shall not leave public entrances to township buildings and facilities unlocked or propped open during non-operating hours. Employees should never leave non-public entrances to township buildings and facilities unlocked or propped open.

300.6 TESTING

The Trustee or the authorized designee should periodically test locks to doors and gates for proper function and document the testing.

300.7 EMERGENCY KEY SET

At least one key set containing every key for township buildings and facilities should be kept separate from all of the other key sets in a secure location and made accessible only to the Trustee or the authorized designee in the event of an emergency.

300.8 MISSING KEYS

Any employee who discovers that a key or key set is missing shall report it to a supervisor as soon as reasonably practicable. If a reasonable effort to locate the key fails, the supervisor shall notify the Trustee or the authorized designee regarding the loss of the key, when it was discovered, and the circumstances involved.

The Trustee or the authorized designee will determine whether to re-key any locks that may have been compromised, and whether this should be done immediately.

300.9 DAMAGED KEYS OR LOCKS

Malfunctioning or damaged keys or locks shall be promptly reported to a supervisor. No part of a broken key should be left in the lock. All portions of the damaged key must be turned in to a supervisor, who will provide a replacement key as needed. Damaged locks should be replaced or repaired as soon as practicable. Appropriate security measures should be taken until such time as the lock is properly restored.

300.10 KEY CONTROL RECORDS

The Trustee or the authorized designee will maintain documentation for the accounting and security of all keys and key sets. Key control measures should be documented by the designated employee and the records retained in accordance with established records retention schedule.

Public Safety Video Surveillance System

301.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of township public safety video surveillance, as well as the storage and release of the captured images.

301.2 POLICY

The Township operates a public safety video surveillance system to enhance public safety and security in public areas. Cameras may be placed in strategic locations to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters, and to assist township officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

301.3 OPERATIONAL GUIDELINES

Only township-approved video surveillance equipment shall be utilized. Employees authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Trustee or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

301.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Trustee or the authorized designee should confer with any appropriate township department and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, and presence of vegetation or other obstructions, should also be evaluated when determining placement.

Cameras should only record video images and not sound. The public safety video surveillance system may be useful for the following purposes:

- (a) To prevent, deter, and identify criminal activity.
- (b) To respond to critical incidents.
- (c) To augment resources in a cost-effective manner.
- (d) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. When activity warranting further investigation is reported or detected at any camera location, the available information should be preserved and the appropriate department should be notified in a timely manner.

Any employee who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Trustee and Fiscal Officer for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas should be referred to the Trustee or the authorized designee.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to the Trustee or legal counsel so that a timely response can be prepared.

500.7 SECURITY BREACHES

Employees who become aware that any township records system may have been breached should notify the Trustee and Fiscal Officer as soon as practicable.

Employees authorized to manage, release, or facilitate public access to township records should receive training that includes identification of material appropriate for release or public access and the township systems and procedures guiding such release and access.

Protected Information

501.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release, and security of protected information by employees of the Township. This policy addresses the protected information that is used in the day-to-day operation of the Township and not the public records information covered in the Records Maintenance and Release Policy.

501.6.1 EMPLOYEE RESPONSIBILITIES

Employees accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes not leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk, in or on an unattended vehicle, in an unlocked desk drawer or file cabinet, on an unattended computer terminal).

 - 2. Any employee response shall be attached to and retained with the original adverse comment.
 - 3. If an employee refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment. Such a refusal, however, shall not be deemed insubordinate, nor shall it prohibit the entry of adverse comment into the employee's file.
- (g) Commendations and awards.
- (h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

Such a file shall include the original application and the Board of Trustees meeting minutes page with their motion to hire or appoint and any change of status, and any other information that may be pertinent. Department files may be separately maintained internally by an employee's supervisor for the purpose of completing timely performance evaluations. The file may contain supervisor comments, notes, notices to correct, and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

502.5 TRAINING FILE

An individual training file should be maintained for each employee whose position requires specialized training or certification. Training files should contain records of all training; original or photocopies of available certificates, transcripts, diplomas, and other documentation; and education and firearms qualifications, as applicable. Training records may also be created and stored remotely, either manually or automatically.

- (b) Supervisors should ensure that copies of such training records are placed in the employee's training file.

502.6 MEDICAL FILE

A medical file shall be maintained separately from all other personnel records and shall contain all documents relating to the employee's medical condition and history, including but not limited to

Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are public records and are subject to disclosure as provided in Ohio law and this policy, the Records Maintenance and Release Policy, or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the Trustee or representatives of the Township in connection with official business.

Personnel Records

Each Department Head shall be responsible for ensuring that the personnel records are complete when submitted to the Fiscal Officer. The file will be retained by the Township Fiscal Officer.

502.7.1 REQUESTS FOR DISCLOSURE

Any employee receiving a request for a personnel record shall promptly notify the Trustee and Fiscal Officer or other person charged with the maintenance of such records.

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to an employee's personnel records shall be logged in the corresponding file.

502.8 EMPLOYEES' ACCESS TO THEIR PERSONNEL RECORDS

Employees may request access to their own personnel records during the normal business hours of those responsible for maintaining such files. Employees seeking the removal of any item from their personnel records should file a written request to the Trustee.

Employees may be restricted from accessing files containing certain information (e.g., ongoing investigations to the extent that it could jeopardize or compromise the investigation).

502.8.1 UPDATING FILE

It is the responsibility of the employee to initiate any needed changes to their file. An employee's education, training and experience background information are important factors in the promotion procedure. These items should be reviewed by the employee periodically to be sure they are up-to-date. Also, the employee should notify the Town Fiscal Officer, in writing using a change of status form, of any change in marital status or dependents as they may relate to insurance coverage, and changes of address or phone numbers. Police officers must notify the Fiscal Officer in writing two weeks prior to their anniversary date for seniority compensation.

502.9 RETENTION AND PURGING

Personnel records shall be maintained in accordance with the established records retention schedule:

- (a) During the preparation of each employee's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training, and career development. Each supervisor responsible for completing the employee's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained from the Trustee.
- (c) If, in the opinion of the Trustee, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

Recruitment and Selection

600.1 PURPOSE AND SCOPE

This policy provides a framework for employee recruiting efforts and identifying job-related standards for the selection process. This policy supplements other township rules governing employment practices.

600.2 POLICY

In accordance with applicable federal, state, and local law, the Township provides equal opportunities for applicants and employees, regardless of actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law. The Township does not show partiality or grant any special status to any applicant, employee, or group of employees unless otherwise required by law.

The Township will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

600.3 RECRUITMENT

The Trustee should employ a comprehensive recruitment and selection strategy to recruit and select employees from a qualified and diverse pool of candidates.

The strategy should include:

- (a) Identification of racially and culturally diverse target markets.
- (b) Use of marketing strategies to target diverse applicant pools.
- (c) Expanded use of technology and maintenance of a strong internet presence. This may include an interactive township website and the use of township-managed social networking sites, if resources permit.
- (d) Expanded outreach through partnerships with media, community groups, local colleges, universities, and the military.
- (e) Posting and outreach within the Township for internal candidates, when applicable and/or required.
- (f) Use of local, state, or national professional organizations (e.g., National League of Cities, National Association of Counties, American Society for Public Administration).

The Township should avoid advertising, recruiting, and screening practices that tend to stereotype, focus on homogeneous applicant pools, or screen applicants in a discriminatory manner.

The Township strives to facilitate and expedite the interview and selection process, and should periodically inform candidates of their status in the recruiting process.

- (a) A comprehensive application for employment (including previous employment, references, current and prior addresses, education, and military record)
- (b) Driving record (if applicable to the position)
- (c) Reference checks

600.4.1 VETERAN PREFERENCE

The Township will provide any veteran preference required by law.

600.4.2 POLITICAL AND RELIGIOUS TESTS - MEMBERSHIPS IN ORGANIZATIONS

Consideration of political or religious opinions as a test for employment or promotion in any position of the Township service shall be prohibited. Township employees will not be required to be members of any organization, unless it is a professional organization and directly connected with employment duties. The township may pay membership fees required by professional organizations and/or licenses.

600.5 BACKGROUND INVESTIGATION

Every candidate shall undergo a background investigation to verify the candidate's application information and ability to perform duties relevant to the position.

600.5.1 NOTICES

Background investigators should ensure that investigations are conducted and notices provided in accordance with the requirements of the FCRA and applicable state law (15 USC § 1681d).

600.5.2 REVIEW OF SOCIAL MEDIA SITES

Due to the potential for accessing unsubstantiated, private, or protected information, the Township should not require candidates to provide passwords, account information, or access to password-protected social media accounts.

The Township should consider utilizing the services of an appropriately trained and experienced third party to conduct open source, internet-based searches and/or review information from social media sites to ensure that:

- (a) The legal rights of candidates are protected.
- (b) Material and information to be considered are verified, accurate, and validated.
- (c) The Township fully complies with applicable privacy protections and local, state, and federal law.

Regardless of whether a third party is used, the Trustee or the authorized designee should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

600.5.3 RECORDS RETENTION

The background report and all supporting documentation should be maintained in accordance with the established records retention schedule and Federal.

600.5.4 DOCUMENTING AND REPORTING

The background investigator should summarize the results of the background investigation in a report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report should not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation should be included in the candidate's background investigation file.

600.6 EMPLOYMENT STANDARDS

All candidates shall meet any minimum standards required by state and local law. Candidates will be evaluated based on merit, ability, competence, and experience, in accordance with the high standards of integrity and ethics valued by the Township and the community.

Validated, job-related, and nondiscriminatory employment standards should be established and maintained for each job classification and should minimally identify the training, abilities, knowledge, and skills required to perform the position's essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation.

Any applicant making false statements on the employment application or any supporting documents shall not be considered for a position. If the discrepancies become known after the applicant has been hired, the applicant will be subject to disciplinary action up to and including dismissal.

600.7 JOB DESCRIPTIONS

The Trustee or the authorized designee should maintain a current job description for each position in the Township.

600.8 PROBATIONARY PERIODS

The Trustee or the authorized designee should coordinate with supervisors to identify positions subject to probationary periods and procedures for:

- (a) Appraising performance during probation.
- (b) Assessing the level of performance required to complete probation.
- (c) Extending probation.
- (d) Documenting successful or unsuccessful completion of probation.

Performance Evaluations

601.1 PURPOSE AND SCOPE

This policy provides guidelines for the Township performance evaluation system.

Evaluation forms shall be approved by the Board of Trustees. Each employee will be evaluated upon completion of their probationary period. From that point on, evaluated at least once every year. Evaluations will be in writing and carried out by the employee's Department Head. All such evaluations shall be shown to the employee being rated and discussed thoroughly with them. All personnel evaluation forms must be signed by the employee and Department Heads.

601.2 POLICY

The Township shall use a performance evaluation system to measure, document, and recognize work performance. The performance evaluation will serve as an objective guide for the recognition of good work and the development of a process for improvement.

The Township evaluates employees in a nondiscriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

601.3 TYPES OF EVALUATIONS

The Township shall use the following types of evaluations:

Regular - An evaluation completed at regular intervals by the employee's immediate supervisor, minimally, on the anniversary of the date of hire or the last promotion.

When an employee transfers to a different assignment in the middle of an evaluation period and less than six months has transpired since the transfer, the evaluation should be completed by the current supervisor with input from the previous supervisor.

Special - An evaluation that may be completed at any time the supervisor and Trustee or the authorized designee determine an evaluation is necessary to address less than standard performance. The evaluation may include a plan for follow-up action (e.g., performance improvement plan (PIP), remedial training, retraining).

601.3.1 RATINGS

When completing an evaluation, the supervisor will identify the rating category that best describes the employee's performance. The definition of each rating category is as follows:

Outstanding - Performance is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

Performance Evaluations

Exceeds standards - Performance is better than demonstrated by a competent employee. It is performance superior to what is required, but is not of such nature to warrant a rating of outstanding.

Meets standards - Performance of a competent employee. It is satisfactory performance that meets the standards required of the position.

Needs improvement - Performance is less than the standards required of the position. A needs improvement rating shall be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is inadequate or undesirable performance that cannot be allowed to continue.

Supervisor comments may be included in the evaluation to document the employee's strengths, weaknesses, and requirements for improvement. Any job dimension rating marked as unsatisfactory or outstanding shall be substantiated with supervisor comments.

601.3.2 PERFORMANCE IMPROVEMENT PLAN

Employees who receive an unsatisfactory rating may be subject to a PIP. The PIP shall delineate areas that need improvement, any improvement measures, and a timetable in which to demonstrate improvement. The issuing supervisor shall meet with the employee to review the employee's performance and the status of the PIP at least monthly.

601.4 EVALUATION PROCESS

Supervisors should meet with the employees they supervise at the beginning of the evaluation period to discuss expectations and establish performance standards. Each supervisor should discuss the tasks of the position, standards of expected performance, and the evaluation criteria with each employee.

Performance evaluations cover a specific period and should be based upon documented performance dimensions that are applicable to the duties and authorities granted to the employee during that period. Evaluations should be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the evaluating supervisor for input.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise and to acknowledge good work. Periodic discussions with the employee during the course of the evaluation period are encouraged. Supervisors should document all discussions in the prescribed manner.

Non-probationary employees demonstrating substandard performance shall be notified in writing as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days' written notice prior to the end of the evaluation period.

Performance Evaluations

All supervisors shall receive training on performance evaluations within one year of a supervisory appointment.

Department Heads will be evaluated by the Board of Trustees. Evaluations will be signed by the Board of Trustees and Department Head.

601.5 EVALUATION FREQUENCY

Supervisors shall evaluate all employees they supervise at least once every year on the anniversary of the employee's date of appointment or hire.

Those employees who are required to successfully complete a probationary period should be evaluated monthly.

601.6 EVALUATION INTERVIEW

When the supervisor has completed an evaluation, a private discussion of the evaluation should be scheduled with the employee. The supervisor should discuss the evaluation ratings and respond to any questions the employee may have. The supervisor should provide relevant counseling regarding advancement, specialty positions, and training opportunities. Any performance areas in need of improvement and goals for reaching the expected level of performance should be identified and discussed. If the employee has reasonable objections to any of the ratings, the supervisor may make appropriate adjustments to the evaluation. The reason for such adjustments shall be documented.

Employees may write comments in an identified section of the evaluation. The supervisor and employee will sign and date the evaluation.

601.6.1 DISCRIMINATORY HARASSMENT FORM

At the time of each employee's annual evaluation, the supervisor shall provide access to and require the employee to read the Township Discriminatory Harassment Policy. The supervisor shall give the employee a form to be completed and returned that acknowledges the following:

- (a) The employee understands the policy.
- (b) The employee has had all questions regarding the policy sufficiently addressed.
- (c) The employee knows how to report alleged harassment and discrimination policy violations.
- (d) Whether the employee has been the subject of, or witness to, any unreported conduct that may violate the policy.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall ensure that appropriate follow-up action is taken.

Refusal to sign an evaluation will be considered insubordination.

601.7 APPEAL

An employee who disagrees with an evaluation may provide a formal written response that will be attached to the evaluation, or may request an appeal.

To request an appeal, the employee shall forward a written memorandum within three days to the Trustee or the authorized designee. The memorandum shall identify the specific basis for the appeal and include any relevant information for the reviewer to consider.

601.8 CHAIN OF REVIEW

The signed performance evaluation and any employee attachment should be forwarded to the Trustee or the authorized designee. The Trustee or the authorized designee shall review the evaluation for fairness, impartiality, uniformity, and consistency, and shall consider any written response or appeal made by the employee.

The Trustee or the authorized designee should evaluate the supervisor on the quality of ratings given.

601.9 RETENTION AND DISTRIBUTION

The original performance evaluation and any original correspondence related to an appeal shall be maintained in accordance with the Personnel Records Policy.

Evaluations will be given to the Fiscal Officer and placed in the employee's personnel file.

A copy of the evaluation and any documentation of a related appeal shall be provided to the employee.

Discriminatory Harassment

602.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent township employees from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

602.2 POLICY

The Township is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Township will not tolerate discrimination against an employee in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Township will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Township may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject an employee to discipline.

602.3 DEFINITIONS

Definitions related to this policy include:

602.3.1 DISCRIMINATION

The Township prohibits all forms of discrimination, including any employment-related action by an employee that adversely affects an applicant or employee and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or township equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to township policy and to a work environment that is free of discrimination.

It is the policy of the Board of Trustees that equal employment opportunity be afforded to all persons without regard to sex, race, religion, color, age, national origin, or handicap. It is the Board

of Trustees policy to support and abide by all pertinent federal, state, and local laws assuring non-discrimination.

602.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

602.3.3 SEXUAL HARASSMENT

The Township prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or an employee because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the employee.
- (c) Such conduct has the purpose or effect of substantially interfering with an employee's work performance or creating an intimidating, hostile, or offensive work environment.

602.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and any related state agency guidelines.
- (b) Bona fide requests or demands by a supervisor that an employee improve work quality or output, that the employee report to the job site on time, that the employee comply with Township or department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

- (c) After verifying and approving the overtime amount, promptly forward the request for compensation to the employee's department director for final approval.
 - 1. After the head of the department has authorized compensation, the request shall be submitted to the Trustee or the authorized designee as soon as practicable.

Supervisors may not authorize or approve their own overtime.

610.5 VARIATION IN TIME REPORTED

When two or more employees are assigned to the same activity and the amount of time for which overtime compensation is requested varies among the employees, the Trustee, authorized designee, or other approving supervisor may require each employee to include the reason for the variation on the overtime compensation request.

610.6 REQUESTING USE OF COMPENSATORY TIME

Employees who have accrued compensatory time shall be allowed to use that time for time off within a reasonable period after making a request, if the request does not unduly disrupt township operations (29 USC § 207(o)). Requests to use compensatory time will be submitted to the employee's supervisor at least 24 hours in advance of its intended use. Supervisors may make exceptions in unusual or extraordinary circumstances.

Supervisors shall not unreasonably deny employee requests to use compensatory time (29 CFR 553.25).

Work-Related Illness and Injury Reporting

611.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding timely reporting of work-related conditions such as a physical injury or an occupational illness.

611.1.1 DEFINITIONS

Definitions related to this policy include:

Work-related condition - Any significant medical or mental condition suspected to have been caused by an employee's service to the Township. Any condition that would reasonably require some form of treatment should be considered significant.

611.2 POLICY

The Township will address work-related conditions and will comply with applicable state workers' compensation requirements.

All Township employees are protected at Township expense under Ohio Worker's Compensation Program. From this fund, medical expenses are covered for workers who suffer injury or certain kinds of illness in the course of their employment. In addition, if workers are temporarily unable to work as a result of such injury or illness, weekly disability payments are made to them after they complete an initial waiting period of one week (ORC 4123.55)

611.3 RESPONSIBILITIES

611.3.1 EMPLOYEE RESPONSIBILITIES

Employees shall report work-related conditions as soon as practicable, but within 24 hours, to a supervisor, and seek medical care when appropriate.

When an employee is injured they must verbally notify their Department head or a Trustee at once. If possible they should be treated at St. Vincent Mercy Medical center. Any injured employee should report ASAP for alcohol and drug testing.

611.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any work-related condition should:

- (a) Ensure the employee receives medical care as appropriate.
- (b) Determine whether the Illness and Injury Prevention Policy applies and take additional action as required.
- (c) Review the report for accuracy and determine whether the work-related condition is required to be reported to the state or workers' compensation entity and whether any additional action should be taken.
- (d) Forward the report to the Trustee or the authorized designee to be maintained in the employee's confidential medical file.

Work-Related Illness and Injury Reporting

The authority informed of the injury must report it at once to the Board of Trustees and the Department Head if they are not aware of the injury. It is the responsibility of the Department Head or the Board of Trustees to establish the validity of the claim. This includes a determination that the injury was actually sustained in the performance of the employee's duties. Should a Department head find that the injury did not occur on the job, the facts of the case should be reported to the Board of Trustees in writing. When an employee is injured on the job, a written explanation should be prepared by the employee and given to their Department Head within 24 hours, if possible. All required information must be supplied and submitted to the Fiscal Officer within 24 hours following the injury. Failure to report an injury may preclude approval by the Bureau of Workers' Compensation and can result in disciplinary action against the employee for failure to comply. The Board of Trustees may require the employee to submit the medical examination, (ORC 4123.53)

611.4 OTHER ILLNESS OR INJURY

Work-related conditions that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the Trustee or the authorized designee.

Unless the injury is extremely minor, the affected employee shall sign the form indicating no desire for medical treatment. Signing the form does not preclude the employee's ability to later seek medical attention.

611.5 SETTLEMENT OFFERS

When an employee experiences a work-related condition that is caused by another person and is subsequently contacted by that person, that person's agent, an insurance company, or an attorney and offered a settlement, the employee shall take no action other than to submit a written report of this contact to a supervisor as soon as possible.

611.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to a work-related condition, the employee shall provide the Trustee or the authorized designee with written notice of the proposed terms of such settlement. In no case shall the employee accept a settlement without first providing written notice to the Trustee or the authorized designee. The purpose of such notice is to permit the Township to determine whether the offered settlement will affect any claim the Township may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the work-related condition, and to protect the township's right of subrogation, while ensuring that the employee's right to receive compensation is not affected.

Temporary Modified- Duty Assignments

612.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, township rules, or applicable employment agreements. For example, nothing in this policy affects the obligation of the Township to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

612.2 POLICY

Subject to operational and business considerations, the Township may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Township with a productive employee during the temporary period.

612.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or state law shall be treated equally, without regard to any preference for a work-related injury.

No position should be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational and business needs of the Township. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational and business needs and the employee's ability to perform in a modified-duty assignment.

The Trustee or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, operating a township vehicle, or engaging in outside employment.

Temporary modified-duty assignments should generally not exceed a cumulative total of 1,040 hours in any one-year period.

Employees who refuse a temporary modified-duty assignment offer are permitted to use available approved leave, if eligible.

612.4 PROCESS

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

Employees seeking a temporary modified-duty assignment should submit a written request to their immediate supervisors or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

Washington Township

Washington Township Local Government Manual

Washington Township Local Government Manual

Temporary Modified- Duty Assignments

- (a) An assessment of the nature and probable duration of the illness or injury.
- (b) The prognosis for recovery.
- (c) The nature and scope of limitations and/or work restrictions.
- (d) A statement regarding any required workplace accommodations, mobility aids, or medical devices.
- (e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

Supervisors will make a recommendation to the Trustee or the authorized designee regarding temporary modified-duty assignments that may be available based on the needs of the Township and the limitations of the employee.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the supervisor, with notice to the Trustee or the authorized designee.

612.5 ACCOUNTABILITY

Written notification of assignments, work schedules, and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate township operations and the employee's medical appointments, as mutually agreed upon by the employee and the employee's supervisor.

612.5.1 EMPLOYEE RESPONSIBILITIES

The responsibilities of employees assigned to temporary modified duty include but are not limited to:

- (a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.
- (b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.
- (c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.
- (d) Submitting a written status report to the Trustee or the authorized designee that contains a status update and anticipated date of return to full duty when a temporary modified-duty assignment extends beyond 60 days.

612.5.2 SUPERVISOR RESPONSIBILITIES

The employee's immediate supervisor should monitor and manage the work schedule of those assigned to temporary modified duty.

The responsibilities of supervisors include but are not limited to:

- (a) Periodically apprising the Trustee or the authorized designee of the status and performance of employees assigned to temporary modified duty.

Washington Township

Washington Township Local Government Manual

Temporary Modified- Duty Assignments

- (b) Notifying the Trustee or the authorized designee and ensuring that the required documentation facilitating the employee's return to full duty is received from the employee.
- (c) Ensuring that employees returning to full duty have completed any required training and certification.

612.6 MEDICAL EXAMINATIONS

Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Township may require a fitness-for-duty examination prior to returning an employee to full-duty status.

612.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under state law.

612.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the township's personnel rules and regulations regarding family and medical care leave.

612.8 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment may have their probation extended by a period of time equal to their assignment to temporary modified duty.

612.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training, and qualifications appropriate to both their regular and temporary duties, provided that the certification, training, or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training, or qualifications.

Speech, Expression, and Social Networking

613.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of employee speech and expression with the needs of the Township.

This policy applies to all forms of communication, including but not limited to film, video, print media, public or private speech, and use of all internet services, including the web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech, or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of an employee group, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

613.2 POLICY

Employees of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Township. Due to the nature of the work and influence associated with local government employees, it is necessary that township personnel be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Township will carefully balance the individual employee's rights against the needs and interests of the Township when exercising a reasonable degree of control over its employees' speech and expression.

613.3 PROHIBITED SPEECH, EXPRESSION, AND CONDUCT

Employees should demonstrate sound judgment in speech, expression, and conduct that relates to or affects the Township. In order to meet the safety, performance, and public-trust needs of the Township, the following are prohibited unless the speech is otherwise protected (e.g., an employee is speaking as a private citizen, including acting as an authorized member of an employee group, on a matter of public concern):

- (a) Speech or expression that is disruptive to the work environment, undermines authority, and is destructive to close working relationships.
- (b) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation, or professionalism of the Township or its employees.
- (c) Knowingly or recklessly false speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Township and tends to

compromise or damage the mission, function, reputation, or professionalism of the Township or its employees. Examples may include:

1. Making a false accusation of wrongdoing without exercising reasonable caution to verify the truth of the matter.
 2. Intentionally misrepresenting on social media actions taken by the Township that would damage the township's reputation.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of township employees. Use or disclosure, through whatever means, of any information, photograph, video, or other recording obtained or accessible as a result of employment or appointment with the Township for financial or personal gain, or any disclosure of such materials without the express authorization of the Trustee or the authorized designee.
- (e) Posting, transmitting, or disseminating any photographs, video or audio recordings, likenesses or images of township logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the Township on any personal or social networking or other website or web page, without the express authorization of the Trustee or the authorized designee.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

613.3.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of employee groups, employees may not represent the Township or identify themselves in any way that could be reasonably perceived as representing the Township in order to do any of the following, unless specifically authorized by the Trustee or the authorized designee:

- (a) Endorse, support, oppose, or contradict any political campaign or initiative.
- (b) Endorse, support, oppose, or contradict any social issue, cause, or religion.
- (c) Endorse, support, or oppose any product, service, company, or other commercial entity.
- (d) Appear in any commercial, social, or nonprofit publication; in any motion picture, film, video, or public broadcast; or on any website.

Additionally, when it can reasonably be construed that an employee, acting in an individual capacity or through an outside group or organization, including as an authorized member of an employee group, is affiliated with this township, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Township.

Employees retain their rights to vote as they choose, to support candidates of their choice, and to express their opinions as private citizens, including as authorized members of employee groups on political subjects and candidates at all times during non-work hours. However, employees

may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command, or advise another employee to pay, lend, or contribute anything of value to a party, committee, organization, agency, or person for political purposes (5 USC § 1502).

613.4 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to emails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook, Twitter, LinkedIn) that is accessed, transmitted, received, or reviewed on any township technology system (see the Information Technology Use Policy for additional guidance).

However, the Township may not require an employee to disclose a personal username or password or to open a personal social website, except when legally permitted and relevant to the investigation of allegations of work-related misconduct.

613.5 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Trustee or the authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Township or the efficiency or morale of its employees.
- (c) Whether the speech or conduct would reflect unfavorably upon the Township.
- (d) Whether the speech or conduct would negatively affect the appearance of impartiality in the performance of the employee's duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Township.

613.6 TRAINING

Subject to available resources, the Township should provide training regarding the limitations on speech, expression, and use of social networking to all employees.

Illness and Injury Prevention

614.1 PURPOSE AND SCOPE

The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of illness and injury for employees of the Township.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces illness and injury, each department within the Township may set its own related policies or procedures that do not conflict with this policy.

614.2 POLICY

The Township is committed to providing a safe environment for its employees and to minimizing the incidence of work-related illness and injuries. The Township should establish and maintain an illness and injury prevention plan and provide tools, training, and safeguards designed to reduce the potential for accidents, injuries, and illness. It is the intent of the Township to comply with all laws and regulations related to occupational safety.

614.6 HAZARDS

All employees should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices, or procedures in a timely manner. Employees should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering employees or property, supervisors should protect or remove all exposed employees from the area or item, except those necessary to correct the existing condition.

Employees who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on the appropriate form. This form should be forwarded to the Trustee or the authorized designee.

The Trustee or the authorized designee will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

614.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

Washington Township

Washington Township Local Government Manual

Illness and Injury Prevention

The Trustee or the authorized designee should ensure that the appropriate documentation is completed for each inspection.

614.7.1 EQUIPMENT

Employees are charged with daily inspections of their assigned equipment or work environment, as applicable, prior to beginning their workday. Employees should complete the appropriate form if an unsafe condition cannot be immediately corrected. Employees should forward this form to their supervisors.

614.8 INVESTIGATIONS

Any employee sustaining any work-related illness or injury, as well as any employee who is involved in any work-related accident or hazardous substance exposure, shall report such event as soon as practicable to a supervisor. Employees observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

Additionally, the supervisor should proceed with the steps to report a work-related injury, as required under the Work-Related Illness and Injury Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.

614.9 TRAINING

Employees, including supervisors, should be provided with training on general and job-specific workplace safety and health practices. Training should be provided:

- (a) To supervisors to familiarize them with the safety and health hazards to which employees under their immediate direction and control may be exposed.
- (b) To all employees with respect to hazards specific to each employee's job assignment.

Washington Township Local Government Manual

Workplace Violence

615.4.2 SUPERVISOR AND MANAGER/ADMINISTRATOR RESPONSIBILITIES

Upon receipt of a report of potential or actual workplace violence, supervisors shall gather as much information as possible to assess and determine the severity and potential of the situation. If the report is found to be credible, the Trustee or the authorized designee shall be notified as soon as practicable and appropriate action taken.

Local law enforcement personnel shall be notified immediately of all threatening or violent behavior.

In situations of potentially imminent harm or where an act has already occurred, the appropriate law enforcement authorities and emergency responders shall be contacted immediately by the supervisor if not already contacted by the employee who was threatened. If the Township department involved has internal security staff, they will also be notified immediately.

- (a) Once notified, the Department Head must report the act or threat of violence to the Board of Trustee as soon as possible.
- (b) If the threat is not imminent then the "Threat Assessment Team" shall meet immediately to determine specific actions to be taken in response to the threat. This team shall be comprised of the supervisor, the Board of Trustees or it's designee: employee representatives from the Sheriff's Office and other appropriate agencies as needed. Notification to the Threat Assessment Team shall be made by the supervisor. All reasonable actions will be taken to reduce the possibility of a violent act. Recommendations of the Threat Assessment Team shall be reported to the Board of Trustees.

615.4.3 INVESTIGATION

The Trustee or the authorized designee will promptly, impartially, and with as much confidentiality as practicable coordinate the investigation of all reports of violent behavior.

Township employees are required to cooperate in any investigation. A timely resolution of each report should be reached and communicated to all parties involved as quickly as possible.

615.4.4 REPORTING NON-WORK-RELATED THREATENING OR VIOLENT BEHAVIOR

Township employees who are victims of domestic violence or other threatening behavior outside of the workplace, or who believe they are potential victims of such behavior and fear it may enter the workplace, are encouraged to report the situation as soon as possible to their supervisors.

Supervisors receiving any such report shall contact the Trustee or the authorized designee as soon as practicable so that any appropriate safety measures or plans may be developed.

In cases where the alleged perpetrator is not an employee, the Board of Trustees and/or the victim may request that an investigation be conducted by the appropriate law enforcement agency. In general, it will be the Board of Trustees' practice to meet any act of violence, threat or intimidation against its employees by a third party with an immediate response, including legal action where appropriate.

This policy does not address all possible situations and circumstances that may arise when an employee requests leave for family or medical reasons. As these leave situations arise, supervisors should consult with the Trustee or authorized designee to obtain specific guidance regarding leave rights and obligations.

Employees may not be eligible for leave if there are fewer than 50 other employees within 75 miles of the employee's work site.

619.4 TYPE AND DURATION OF LEAVE

Generally, eligible employees are entitled under FMLA to 12 workweeks of unpaid leave during a 12-month period (29 USC § 2612; 29 CFR 825.100). The 12-month period is measured backward from the date leave is taken and continuously with each additional leave day taken.

619.4.1 SERIOUS HEALTH CONDITIONS

Eligible employees may take up to 12 weeks of leave to care for a spouse, child, or parent with a serious health condition or when the employee is unable to work because of the employee's own serious health condition (29 USC § 2612(a)(1); 29 CFR 825.200).

- A chronic condition that requires treatment (29 CFR 825.115(c)).

619.4.3 MILITARY EXIGENCY LEAVE

Eligible employees may take service member leave of up to 12 weeks for qualifying exigencies occurring because a spouse, child, or parent is on covered active duty or has been notified of an impending order to active duty (29 USC § 2612(a)(1)(E); 29 CFR 825.200). This type of leave is available to a family member of a person in the National Guard, Reserves, or members of the regular Armed Forces deployed to a foreign country. Qualifying exigencies include (29 CFR 825.126):

- Addressing issues that arise from a short notice (seven or less days) deployment.

- Attending family support or assistance programs.
- Making child care or educational arrangements or attending school activities arising from active duty or a call to active duty.
- Making financial and legal arrangements.

Eligible employees may take up to 26 weeks of leave in a single 12-month period to care for a spouse, son, daughter, parent, or next of kin who has incurred an injury or illness in the line of duty while on active duty in the Armed Forces, provided that such injury or illness may render the family member medically unfit to perform work (29 USC § 2612; 29 CFR 825.200).

Military caregiver leave is also available to family members of covered veterans who were members of the Armed Forces, including the National Guard or Reserves, at any point in the five years preceding the date on which the veteran undergoes medical treatment, recuperation, or therapy (29 USC § 2612; 29 CFR 825.127).

Washington Township

Washington Township Local Government Manual

Family and Medical Leave

During the single 12-month period, employees are entitled to no more than a combined total of 26 weeks of FMLA leave. In any case in which both spouses are employed by the Township, the combined number of workweeks of leave is limited to 26 workweeks during any 12-month period (29 USC § 2612(f); 29 CFR 825.127).

Service member FMLA leave runs concurrent with other leave entitlements provided under federal, state, and local law. Where FMLA leave qualifies as both military caregiver leave and care for a family member with a serious health condition, the leave will be designated as military caregiver leave first.

619.4.5 INTERMITTENT LEAVE

An employee may take leave for the employee's own serious health condition, for the serious health condition of the employee's spouse, child, or parent, or to care for a covered service member with a serious injury or illness, intermittently or on a reduced schedule if medically necessary, and if that medical need can best be accommodated by an intermittent schedule as defined in federal law (29 USC § 2612(b); 29 CFR 825.202; 29 CFR 825.124).

Leave due to a military exigency may be taken on an intermittent or reduced leave schedule (29 CFR 825.202).

Intermittent leave for the birth, adoption, or foster care placement of a child is only available if granted at the discretion of the Trustee, unless the employee has a serious health condition in connection with the birth or if the newborn child has a serious health condition (29 CFR 825.120; 29 CFR 825.121).

Intermittent leave for any employee shall be tracked and calculated.

619.4.6 PREGNANCY DISABILITY LEAVE

Pregnant employees who are disabled by pregnancy may be entitled to a disability leave in addition to any FMLA leave. The duration of leave is dependent on the circumstances. The Trustee shall defer to a pregnant employee's qualified health care professional in assessing the employee's ability to work.

619.5 EMPLOYMENT BENEFITS WHILE ON LEAVE

While on leave, employees will continue to be covered by any group health insurance to the same extent that coverage is provided while the employee is on the job (29 USC § 2614(c); 29 CFR 825.209). However, employees will not continue to be covered under non-health benefit plans.

Employees are responsible for any health plan employee contributions while on leave (29 CFR 825.210). Employee contribution rates are subject to any change in rates that occurs while the employee is on leave. If an employee fails to return to work after the leave entitlement has been exhausted or expires, the Township may recover its share of health plan premiums for the entire leave period unless the employee does not return because of the continuation, recurrence, or onset of a serious health condition of the employee or the employee's family member that would entitle the employee to leave, or because of circumstances beyond the employee's control (29

Washington Township

Washington Township Local Government Manual

CFR 825.213). The Township may recover premiums through deduction from any sums (e.g., unpaid wages, vacation pay).

Employees may not earn additional time off while on unpaid leave.

619.6 SUBSTITUTION OF PAID ACCRUED LEAVES

Subject to applicable employment agreements and civil service rules, employees are required to exhaust all applicable paid accrued leave before taking unpaid leave. Paid accrued leave includes vacation leave, sick leave, personal leave, and compensatory time earned in lieu of overtime, pursuant to the Fair Labor Standards Act, during FMLA leave. Employees may not use paid accrued leave to extend FMLA leave beyond 12 workweeks per year.

619.7 USE OF FMLA LEAVE

If an employee takes a leave of absence for any reason that is FMLA qualifying, the Township may designate that non-FMLA leave as running concurrently with the employee's 12-week FMLA leave entitlement.

619.8 PROCEDURES

The following procedures will apply for all employees requesting leave under FMLA:

- (a) When a leave is requested for a medical or other FMLA-related treatment appointment, the employee must make a reasonable effort to schedule the appointment at a time that minimizes disruption to township operations (29 USC § 2612; 29 CFR 825.302).
- (b) An employee who wishes to take FMLA leave must provide the employee's supervisor with 30 days' advanced notice when the leave is foreseeable or as soon as practicable if the need for leave is not foreseeable (29 USC § 2612; 29 CFR 825.302; 29 CFR 825.303).
- (c) At the time of the request, the employee must complete an FMLA request form.

Requests for medical leave shall be accompanied by a qualified health care professional statement, including the date on which the serious health condition began and the estimated date of return to work (29 USC § 2613; 29 CFR 825.302).

Once the leave is requested or designated by the Township, the supervisor should forward the request and any medical certifications to the Trustee or the authorized designee and ensure the employee is provided the necessary forms and FMLA information and required notices within five business days (29 CFR 825.300).

Employees are required to provide medical certification of a qualified health care professional or military documentation, if requested (29 CFR 825.305; 29 CFR 825.308; 29 CFR 825.309; 29 CFR 825.310).

Employees shall be required to periodically report on their status and intent to return to work (29 USC § 2614; 29 CFR 825.311). This may assist in avoiding a delay in reinstatement when the employee is ready to return to work.

Family and Medical Leave

Employees returning from a medical leave for the employee's own serious health condition will be required to present medical verification from a qualified health care professional of the employee's ability to return to work and a list of any restrictions that need to be accommodated (29 USC § 2614; 29 CFR 825.100; 29 CFR 825.312).

619.9 REINSTATEMENT FOLLOWING LEAVE

Generally, employees returning from FMLA leave within the qualified period will be restored to their original job or to an equivalent job with equivalent pay and benefits (but not seniority), unless the employee would not otherwise have been employed at the time reinstatement is requested (e.g., in the case of a layoff) (29 USC § 2614; 29 CFR 825.214; 29 CFR 825.216).

If the same position is no longer available, such as in a layoff, the employee will be entitled to a position that is comparable in pay, job content, and promotional opportunities and geographic location, if such a comparable position exists.

If upon return from leave an employee is unable to perform the essential functions of the job because of a physical or mental disability, the supervisor should work with the Trustee or the authorized designee to engage in an interactive process with the employee to identify a potential reasonable accommodation.

After exhausting paid FMLA leave, non-paid leave will continue until the conclusion of the protected 12- or 26-week time limit. Following the protected leave, the Trustee or the authorized designee in consultation with the legal counsel will determine whether non-FMLA leave should apply.

619.10 RESPONSIBILITY

The responsibilities of the Trustee or the authorized designee include but are not limited to (29 CFR 825.108; 29 CFR 825.110; 29 CFR 825.112; 29 CFR 825.300; 29 CFR 825.301):

- (a) Attempting to determine whether an employee absence of four or more days may qualify as FMLA leave.
- (b) Determining if an employee is eligible for FMLA leave.
- (c) Determining if leave is for an FMLA-qualifying reason.
- (d) Granting or denying a request for FMLA leave and providing designation notice to the employee within five business days of designation.
- (e) Providing eligibility notice to the employee within five business days of the request for FMLA leave or when acquiring knowledge that an employee's leave may be for FMLA.
 - 1. If the employee is not eligible for FMLA leave, the notice must state at least one reason why the employee is not eligible.
- (f) Providing a written rights and responsibilities notice each time the eligibility notice is provided to an employee.

The Trustee or the authorized designee should work with legal counsel regarding questions relating to leave or reinstatement from leave under this policy.

619.11 RECORDS

The Township will maintain leave-related records as required by 29 CFR 825.500 for at least three years and in compliance with the township's established records retention schedule.

Records and documents related to doctor certifications and other medical information created for purposes of complying with FMLA and this policy shall be maintained as confidential medical records in separate files from employee personnel files.

619.12 NOTICE TO EMPLOYEES

The Trustee or the authorized designee should ensure that a notice explaining the FMLA's provisions and procedures is prominently posted in conspicuous places in the Township where it can be readily seen by all employees and applicants for employment. Sick Leave

620.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. Additional terms for the use of sick leave for eligible employees may be covered in another applicable township policy or employment agreement.

This policy is not intended to cover all types of sick leave. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as addressed in the Family and Medical Leave Policy.

620.2 POLICY

It is the policy of the township to provide eligible employees with a sick leave benefit. For full-time employees, sick leave hours are earned at a rate of 4.62 hrs. per pay period (80 regular hours worked). Limiting maximum accrual to 240 hrs.

620.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during an employee's non-working hours when it is reasonable to do so.

620.3.1 NOTIFICATION

All employees should notify the appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. Payment Redirect Policy

629.1 PURPOSE

This policy protects against “Business email compromises” and related schemes that involve seemingly innocent messages from individuals impersonating vendors or other employees and seeking to have payments sent to different bank accounts.

629.2 POLICY

Policy: Refer to AOS Bulletin 2024-003

629.3 Verification Directions:

- Always require in-person verification of employee payroll re-directs. Never take such requests electronically.
- Request in-person verification for change requests for payment information. Have the vendor come to the office in-person to provide re-direct payment information. Where the vendor is not personally known to the paying agent, you should have a second person from the department that deals with the vendor personally verify the identity, confirming the change request.
- If circumstances prevent verifying identity and contact information in-person, use extreme caution and only an independently verified contact person and telephone number, via separate sources. Do not use contact information from the change request; instead, find a phone number from a validated source such as a prior invoice or a regularly updated employee or vendor contact information listing. Another source for a valid telephone number is the company’s known website.
- When using a telephone call to validate the identity of an employee or vendor contact, always ask the employee or vendor a question related to past experiences or conversations that only he/she would know the answer to. Offering to contact the requester back will allow you to validate the number to ensure it is linked to the vendor.
- Require an internal, secondary approval for all payment requests, payment instruction changes, and changes to employee or vendor contact information. The payment change initiation and payment approval functions should be segregated.
- Consider making a partial payment (very small dollar amount) of the invoice or wages to allow for verification from the receiving financial institution, vendor, or employee as to the legitimacy of the payment.
- Provide continual training and education over policies, procedures, recent cyber and phishing threats, and how to protect personal information so that employees can identify fraud schemes before taking compromising actions. Contract with a vendor or use association services for employee cyber training and insurance coverage.

- Use added layers of authentication and security, such as a financial institution's positive pay, ACH positive pay, and ACH Debit Block programs.
- Create security policies that outline best practices for protecting sensitive data and systems. The policies should include information related to password management, data encryption, software updates and other security measures that employees should follow.
